WILL ISSS BE A YEAR OF WAR?-The present year is the fifth year of modern times in which the aggregate of the figures is twenty-five, and there will be but five more years in which such a combination is possible prior to the year 2599. Probably few have ever heard of the old prophecy, which runs as follows;

In every future year of our Lord,
When the sum of the figures is twenty five,
Some warlike kingdom will draw the sword,
But peaceful nations in peace shall thrive.

Students of modern history will readily recall how faithfully this prophecy has been fulfilled in the four previous years to which it applied.

In 1699 Russia, Denmark and Poland formed the coalition against Sweden which mangurated the great war that ended in the di-astrous defeat of Charles XII at Pultowa. The year 1789 will ever be memorable on account of the breaking out of the French

1798 witnessed the campaign of Bonaparte Egypt and the formation of the second

European coalition against France. In 1879 war broke out between England and Afghanistan, followed by the invasion of the latter country by British troops.

In what manner the prediction is to be

erified in 1888 remains yet to be seen, but the present condition of Europe seems promise an abundant fulfilment of the prophecy .- Philadelphia Inquirer.

Blowing up Hell Gate

has been a left or α and costly work, but the end justifies the effort. Obstruction in any imper ant channel means disease. Ob struction- to the argains of the human body bring in visite disease They must be cleared away, or physical wreck will follow. Keep the nver in come, and the pure blood courses through the had a conveying health, strength and life; let it become disordered and the channels are clogged with impuri-ties, which result in disease and death. No other medicine equals Dr. Pierce's "Golden Medical Discovery" for acting upon the liver and purifying the blood.

1888 ALEXANDRIA GAZETTE. 1888

The GAZETTE, chronologically, is in the eighty-ninth year of its existence and is not only the oldest paper in the State, but, with very few exceptions, in the country. Notwithstanding the fullness of its years, it has kept, and will continue to keep abreast of the times in all that pertains to a news paper, furnishing its readers daily with a perfect mirror of passing events, domestic and foreign. Its facilities for obtaining news as they increase are taken advantage of and used for the benefit of its readers, who are thus kept thoroughly posted as to all that is of interest politically, socially, financially and commercially. Special attention is given to matters concerning the State and its welfare, while its local columns contain all that is of the slightest interest to Alexandria. Its regular correspondence from Washington and Richmond are features of peculiar interest, as attested by the eagerness with which they are read and copied by other papers, while its editorial department, conducted with reference to the best interests of the city, State and country, will continue to advocate what is believed to be right, just, honest and patriotic. With a view to the interests of merchants, farmers, and all interested, its commercial columns are carefully edited and its market reports are acknowledged by all to be faithful and accurate. Through all this section of the State and in all parts of the country where Virginians have located, there will the GAZETTE generally be found, and thus as an advertising medium it has few equals outside the large cities. In the household, counting room and workshop, it is an ever welcome visitor, acceptable alike to old and young, the grave and the gay.
